

Tilgængelighedserklæring for trygfondensfamiliehus.dk

Dato: 08-04-2024

Denne rapport præsenterer resultaterne af en webtilgængelighedsevaluering udført på den specificerede hjemmeside. Formålet med evalueringen er at identificere eventuelle tilgængelighedsproblemer og fremhæve muligheder for forbedringer.

Resultaterne i rapporten er baseret på WCAG 2 AA retningslinjerne, som er en international standard for webtilgængelighed.

Det målte er tildelt entet: "Passed", "Failed" eller "Warning".

De punkter der har modtaget en "Failed" arbejdes der løbende på løsninger.

Det skal dog noteres at langt de fleste "Failed" er eksterne programmer, som f.eks. Cookie banner, hvor der ledes efter alternativer der overholder WCAG 2 AA retningslinjerne.
